

THE INNER U

The Inner U Wholistic Center

"YOU DON'T KNOW ANYONE ELSE UNTIL YOU KNOW THE INNER YOU"

Johnathan Darnell Butler, founder and President of The Inner U Wholistic Center, has enriched the lives of thousands of individuals seeking physical and/or spiritual healing. A Certified Iridologist and Wholistic Food Consultant, Butler has been a practicing Wholistic Health Professional since the age of eighteen. In addition, Butler has held his formal certifications for more than a decade, and has augmented his skill set with formal training in the areas of Kinesiology, Reiki, Physical Detoxification, Hypnotherapy, Electromagnetic Healing, and Healthy Living Alternatives.

Butler was greatly influenced by his great-grandmother, Velma Romelia Brooks. As a child, he would spend countless hours with Ms. Brooks. As a result, Butler was introduced and began his vast knowledge in African and Native-American ethnobiology and natural healing methodologies. This influence would serve as the foundation for Butler's formal study and success with clients worldwide.

Established in Cleveland, Ohio, The Inner U Wholistic Center has served its community for thirteen years by providing private consultants in the areas of Iridology, and educational lectures that aired on both television and radio. The Inner U has also expanded its services into the Las Vegas, Atlanta and Michigan communities.

Butler has extended his studies with regular excursions to the West Coast of Africa where he studied and practiced ancient, cultural techniques of African herbalism. Butler and his team are also embarking on the addition of new Wholistic modalities from Australia and Japan in order to enhance quality of service and expedite recovery of the clientele.

Butler's deep and sincere passion for the improved health of others is evidenced in his relentless search and selection of the finest herbal products recommended for the client. He has an unquenchable thirst to expand his knowledge in his effort to uncover new and improved ways to enlighten his clientele and other practitioners throughout the country.

Butler has received training from:

Liala O. Africa, *African Holistic Health and Nutricide*
Dr. Bernard Jensen, noted California Iridologist and author
Dr. Frank Miesse of Springfield, Ohio
Sokara Kamillisa of Oberlin, Ohio, noted Wholistic Health Practitioner
Reverend Hanna Kroeger of Boulder, Colorado
Dr. Paul Gross of New Body Inc., California
Dr. O.M. Lamptey of The Venus Home Health Clinic, Accra Ghana

Dr. Richard Schultze of School of Natural Healing
Dr. Gary Young of Young Living Essential Oils, Advanced Integrative Medical Institute, Washington, DC
Sonia Alexandra of T.H. STONE, Stone Massage
Bette Roebuck, CNHP, NBCCH
Dr. Mony Vital and Dr. Gregory Knoderer, Healthy Living Seminar 1 & 2

As Americans continue to explore health maintenance alternatives to Western medicine, interest in iridology and other Wholistic approaches are undergoing tremendous growth. Growth in these areas is projected to triple in the decades to come. Johnathan Butler and his caring and qualified staff are poised to provide professional consultations and intervention services in the areas of the healthy integration of ... THE INNER U.
